

SHAW UNIVERSITY

THE GRADUATE'S CREED

I am a graduate of SHAW UNIVERSITY, and thus, a member of the National Alumni Association and my Local Alumni Chapter. More importantly, whatever role I play, personally and professionally, I am truthfully a representative of my Alma Mater.

I realize that the university needs my interest and continuing support. This includes, among other things, attendance at Homecoming, Founder's Day, the Annual Banquet, and Commencement, organizing (where necessary) and then participating in local chapters, and encouraging young people to attend my University.

It is a long-standing Maroon and White axiom that whatever good things happen to SHAW enhance the value and significance of my diploma.

So, I subscribe to this creed and will do what I can to activate it wherever I am or whatever I do.
